## Mission statement

The Library is an information and documentation centre specialising in Archaeology, History, Numismatics and Museum studies. The Library aims to support research and teaching activities as well as to strengthen the development of the National Archaeological Museum's general objectives.

## Vision statement

Becoming a reference library for researchers interested in the subject matters stated in the mission statement with a higher visibility at national and international level.

## Our collection

The library collection is over 170.000 volumes. Readers may access digital materials online by using the Museum Libraries Union Catalogue (BIMUS), the Virtual Library of Bibliographic Heritage (BVPB) and the Virtual Library of Historical Newspapers (BVPH).

## Library services

Reading room service; Information and Reference Service; OPAC workstations; Copying service and Desideratas.
